DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1 and 3 have been considered but are moot in view of the new ground(s) of rejection.

Claim Objections

2. Claim 3 is objected to because of the following informalities: claim 3 should depend upon claim 1, not claim 2. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. Claims 1 and 3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 1 has been amended to recite the limitation "writing ... data ... into a designated memory and address of the respective said input and output data regions of said control memory device" in lines 7-8. It is unclear if this limitation means "writing ... data ... into the respective said input and output data regions of said control memory device at a designated memory address"; "writing ... data ... and the address of the respective said input and output data regions of said control memory device into a designated memory"; or "writing ... data ... into a designated memory and writing ... data ... at an address of the respective said input and output data regions of said control memory device."

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
